EXPERIENCE

Trainee

Globadev Academy   *Jun 2020- Present*

I worked on multiple real projects (online market web app), (online academy web app), which based on the following technologies:

- Asp.net (core).
- REST Web API services.
- Angular.

Volunteer

Member of GlobaDev Community   (*2020 - Present*)
Supervising virtual classrooms and homework.

Projects

- **Technical production company web app**   (2020 -Present)
  (Freelance project)
  Role: programmer
- **School platform and tracker for parents' service**   (2019)
  (Graduation project)   Rate 88%

This project aims to develop an electronic platform for a school that includes a follow-up system to achieve communication with parents, students and everyone who supports the educational process.

Role: Project manager, Business analyst, project implementation
I was responsible for the project with all its requirements:
Requirements analysis, time estimate, diagrams, database design, and project implementation, testing using the following techniques:

  - ASP. MVC, SQL Server, Entity Framework, ASP.Net Identity. Many third party libraries
  - HTML, CSS, Bootstrap, JavaScript, jQuery, Ckeditor

- **Fitness and Healthy Guide**   (2017)
  (Specialization project) Rate 89%

The idea is based on employing Internet sites in the field of community service in order to maintain fitness and health by gathering correct health information and providing it to the user in an interesting, educational and appropriate way to his physical condition.

Role: Project manager, Business analyst, project implementation
I was responsible for the project with all its requirements:
Requirements analysis, time estimate, diagrams, database design, and project implementation, testing using the following techniques:

  - ASP. MVC, SQL Server, Entity Framework, ASP.Net Identity. Many third party libraries.
  - HTML, CSS, Bootstrap, JavaScript, jQuery, Ckeditor.
  - Rss To link the Facebook page to the articles of the site

TECHNOLOGIES

Back-end:

Asp.net (core)	(4/5)
Asp.net (MVC)	(4/5)
Entity Framework.	(4/5)
NodeJS	(3/5)
Microsoft SQL server.	(4/5)
REST Web API services.	(4/5)

Front-end:

HTML, Css, Bootstrap.	(5/5)
Angular.	(4/5)
Sass, PrimeNG	(3/5)
JQuery, Ajax.	(4/5)

Job-Related Skills

- Good command of software analyzing and requirement engineering processes using UML Charts & Diagrams.
- Good experience with version control systems such as Git,TFS.
- Familiarity with Adobe Creative Suite, specifically Photoshop.

EDUCATION

BS / Information Systems Engineering (ISE)
Syrian Virtual University, Damascus 2019

GPA: (3.25)
Excellent grade
